Grade 6-12
Span:

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

About This School

📍 Principal, Opportunity Acres dba Independent Trails

Independent Trails is a functional skill, vocationally-based, and academically-focused program for sixth through twelfth grade students diagnosed with Autism Spectrum Disorder and/or moderate to severe Intellectual Disability whose needs cannot be met in a less restrictive (e.g., public school) environment. Students will obtain a meaningful and relevant education that includes: core academic instruction, social skills training, vocational training, job sampling, and critical independent living skills in alignment with standards-based core curriculum, leading to a Certificate of Completion. Independent Trails provides an ideal and appropriate alternative placement for the more severely impacted population. Students receive instruction in classrooms situated on a 56-acre ranch, which offers multiple opportunities for hands-on vocational instruction as well as functional academic opportunities (e.g., business management). Students put their academic instruction to use by assisting in the day-to-day operation and maintenance of his fully functioning ranch. Instruction is provided by an appropriately credentialed teacher, two lead instructional aides, and five instructional aides per 14 students.

School Description and Mission Statement (School Year 2025–26)

Our students obtain a meaningful education that includes vocational training, job sampling, and critical independent living skills with a strong emphasis on communication and social skills training. In addition to academic learning, our students work with animals, garden, cook, maintain the ranch, and engage in recreational activities. Each student receives a comprehensive assessment in the first 30 days of placement to identify strengths, interests, and areas of need. The Ranch exists to promote the gifts and talents of individuals with autism for their own benefit and the betterment of the community.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students taking and completing state-administered assessments Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Mathematics (grades 3-8 and 11)	--	--	45%	47%	35%	37%

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

School Safety Plan (School Year 2025–26)

Independent Trails maintains a comprehensive disaster/emergency plan, posted across all classrooms and buildings of the facility. The plan contains instructions in the presence of emergencies such as earthquakes, floods, fire, power outages, any weapon threat, hostage treat, and bomb threat. Quarterly evacuation procedures are practiced ensuring a quick and fluid response to prepare for any potential incidences. Fire alarm and detections systems are fully compliant with all local and state regulations. Backpacks at all classrooms and buildings entrances are stocked with first aid kits and emergency supplies. The plan was last updated March 2025.

Types of Services Funded (Fiscal Year 2024–25)

Independent Trails provides a one to two staff to student ratio via one credentialed teacher, two lead instructional aides, and five instructional aides. The California state standards are embedded in the development and delivery of each student's IEP goals. All instructional aides maintain the "Every Student Succeeds Act (ESSA)" standards. In addition, a licensed Speech and Language Pathologist and an Occupational Therapist provide individualized teaching to students who have these services outlined in their IEP. Our program maintains "Best Practices for Students with Autism," utilizing an Applied Behavior Analytic approach.
